

## What does the PTO do?

Last Updated Monday, 12 November 2007

Our PTO is busy year round, including all the preparation done over the summer. As volunteers we organize special events and enrichment programs for the students of Ivy League. We keep Ivy League families informed about happenings in school through our monthly newsletter and monthly meetings. We raise funds through an active fundraising program. The funds are used to benefit the Ivy League students through educational, social and extra curricular activities. We bring guest speakers to the school both from our community and from other areas.

We strongly believe in the value of parental involvement in the school. Teachers, staff and parents all working together can provide a much richer experience for our children than a school can all by itself.
